3. If you can't make it for a week, please give your best effort to find a sub. We have a list of subs, or you can get a friend to play. If you're unable to find a sub, please contact the league secretary and a ghost sub will be assigned. The Ghost Sub's score will be the average score of the flight that you play in that night. Your opponent will play against this average. However, the maximum points that you can score for your team with the use of a Ghost Sub will be capped at 0 points. (incentive to find a real sub). **If you get a sub, make sure you indicate on the score card the player the sub is playing for. If the sub is a new player, please include his phone number and email.**

Groups must play as foursomes. This is to prevent players from being stranded as a twosome.
PLEASE PUT YOUR NAME & LAST INITIAL ON YOUR SCORE CARD.
4. Each team will have 4 players. Each team's players will be flighted A, B, C or D. The lowest scoring average player will be the 'A', next lowest 'B' and so on. This will be revised once during the season after the 9th week of play based on the updated scoring stroke averages.
5. Matches are played A-A, B-B, C-C, D-D and we play match points based on your net score (actual score less strokes if you get them on a hole). Each hole is worth 2 points.
